OKC-Based Independent MillerCoors Distributor Continues Strong Growth

OKLAHOMA CITY, OK, August 10, 2015 – Capital Distributing LLC, an Oklahoma City-based and locally-owned distributor of MillerCoors and other fine beverages, announced today it is adding 102,000 square feet of climate-controlled warehouse space to its existing 156,000 square foot distribution facility at 421 North Portland Avenue. The \$7.5 million expansion brings the total warehouse space to 258,000 square feet.

The addition began July 28th and will also double the size of Capital’s existing refrigerated keg cooler from 7,000 to 14,000 square feet. The expansion has resulted in the hiring of 21 new employees according to Gordon Green, Capital Distributing General Manager.

“The Capital Distributing family is excited about our growth and corresponding expansion within our warehouse operations, and we have added 21 new positions as a result,” Green said. “Our continued growth within both the malt beverage and non-alcoholic markets, including the recent acquisition of the Constellation, Diageo and HUSA portfolios, has accelerated our need for more operational space. As an independent Oklahoma-based business, we are proud to support the state economy and look forward to continuing our position as a valued corporate citizen.”

Capital Distributing LLC was founded in 2001 upon the merger of City Beverage (Miller) and Coors Distributing Company (CDC). Capital Distributing employs 200 Oklahomans and is a
