Beer Distributors of Oklahoma Praise Passage of SQ 792

Oklahoma City, OK, November 8, 2016 – The board chairman of the Beer Distributors of Oklahoma, Mitch Zaloudek (Pope Distributing – Enid), released the following statement tonight upon the passage of State Question 792.

“After decades of prohibition era beer and wine laws, Oklahoma will now move into the modern age where consumers will enjoy more selection and convenience, and the state of Oklahoma will enjoy the economic impact of the new jobs and tax revenue that will commence once SQ 792 takes effect. The members of the Beer Distributors of Oklahoma are proud to be part of a broad and diverse coalition of businesses across Oklahoma who shared a vision for Oklahoma to join the vast majority of other states who have modernized their beer and wine laws. Our thanks go to people of Oklahoma for their support. This is a victory for them.”
